Take the Summer Library Challenge!

Step 1: Register at the St. Helens Public Library starting June 17th. Pick up your challenge log and your events calendar — and claim your free book!

Step 2: Spend at least 20 minutes reading, exploring, creating, or helping each day. Keep track of your progress in your log. If you log five days in one week, come to the library for a prize!

Step 3: Attend library programs! They're fun and free and count toward your activity log.

Bonus: Review a book, write a letter to an author, or create an artistic interpretation of a scene from a book to be entered into our weekly raffle!

The Library is hosting free events all summer!
