

Community presentation: What's your vision of a healthier future?

Across Clatsop, Columbia, and Tillamook counties, more than 1,250 people shared their stories with our Community Advisory Council members, staff and community partners from September through November.

The results of the survey will be included in Columbia Pacific CCO's Community Health Improvement Plan, which will guide our community health investments from 2020 through 2025.

Come learn about the results of the survey and give input on what to prioritize in the creation of our Community Health Improvement Plan!

Members, community partners, and anyone interested in learning more and giving input about improving health in their community are welcome to attend this free presentation!

In partnership with Greater Oregon Behavioral Health (GOBHI), Columbia Pacific CCO will host the following presentations in Columbia County:
